Down on the Farm Notes

Welcome to the Great Basin Basket Early Season. We appreciate your support of our local farmers. If you are a returning customer, welcome back. If you are a new customer, we are glad to have you.

We are excited for this year and are preparing to bring you great produce throughout the Early Season.

This year to keep down on paper usage, we are emailing you the weekly newsletters. They will also be posted online so you can have access to them at anytime. We hope that this change will not impact your basket experience.

Exciting News!

We are excited to announce that we have an **online store** for our wonderful produce! You can find it by going to www.lattinfarms.com and selecting the **Online Produce Market** link.

We will update our store often with different types of produce that we have an abundance of at our farm. We can add your orders to your CSA baskets. Keep checking back to see what goodies are in store for you.

We also have a **Facebook page under Great Basin Basket CSA**. On it I will post what produce to expect, post pictures and keep you informed. You should also be able to make comments and post your pictures there too.

What's in your Basket

All items are grown on Lattin Farms, a certified organic farm, except for the produce marked with an asterisk (*).

- Carrots
- Mesclun Mix
- Asparagus

- Green Garlic
- Arugula
- Swiss Chard
- Salanova Lettuce
- Kohlrabi* (Pioneer Farms)
- Radishes* (Pioneer Farms)
- Spinach* (Snyder Family Farms)

Please refrigerate all produce as soon as possible.

Produce Tips and Tricks

On our Great Basin Basket website, we have a list of the produce that might not be as well known to you. Find it under the **Produce Pointers and Tips**. If there is some produce you would like to see on it, email me and I will input the information.

We want to remind you to **wash your produce** when you get it. A lot of our produce gets a quick wash, but not enough to remove all the dirt particles, but then a little dirt never hurt, right?

In your basket this week, we have included salanova lettuce. It is both pretty and delicious. It is a new variety for us and we would love your feedback on it.

Recipes

We now have a CSA customer who is creating recipes using produce that you will find in your baskets each week. The recipes will be included in your basket. You can also find more recipes on her website www.chivecooking.com.

If there is anything you would like to see on this newsletter, feel free to email me.

We hope you enjoy your produce this week!
